

PROMPT ENGINEERING CHALLENGE

1. Summarizing Notes

Prompt

Summarize the following notes into short bullet points. Highlight important concepts, definitions, and key points. Use simple language for exam preparation.

AI Response

Main Topic: Artificial Intelligence

AI enables machines to perform human-like tasks.

Applications include healthcare, education, and robotics.

Machine Learning is a subset of AI.

AI improves efficiency and decision-making.

Why the Prompt Worked

The prompt clearly asks for a concise summary, important points, and simple language.

2. Generating a Study Plan

Prompt

Create a 7-day study plan for semester exams. Include daily study topics, revision time, and practice tests.

AI Response

Day	Activity
Monday	Study Unit 1
Tuesday	Study Unit 2
Wednesday	Study Unit 3
Thursday	Study Unit 4
Friday	Study Unit 5
Saturday	Revision
Sunday	Mock Test

Why the Prompt Worked

The prompt specifies the duration and activities required, resulting in a clear study schedule.

3. Creating Interview Questions

Prompt

Generate 5 interview questions for a software developer position.

AI Response

1. Tell me about yourself.
2. What is Object-Oriented Programming?
3. Explain the difference between Array and Linked List.
4. How do you debug a program?
5. Describe a challenging project you worked on.

Why the Prompt Worked

The prompt clearly identifies the job role and the number of questions needed.

4. Writing a Resume Summary

Prompt

Write a professional resume summary for a Computer Science student skilled in Java, Python, and SQL.

AI Response

Computer Science student with knowledge of Java, Python, and SQL. Strong problem-solving skills and experience in academic projects. Seeking opportunities to apply technical skills and gain industry experience.

Why the Prompt Worked

The prompt provides the candidate's skills and background, helping generate a relevant summary

5. Creating a Lesson Plan

Prompt

Create a 45-minute lesson plan on Artificial Intelligence for undergraduate students.

AI Response

Topic: Artificial Intelligence

Objectives: Understand AI basics, Learn AI applications

Activities: Introduction (10 min)

Explanation of concepts (20 min)

Discussion (10 min)

Quiz (5 min)

Why the Prompt Worked

The prompt specifies the topic, audience, and duration, resulting in a structured lesson plan.
